

Project Initialization and Planning Phase

Date	6 July 2026
Team ID	xxxxxx
Project Name	Voice-Based Concept Understanding Analyser (VBCUA)
Maximum Marks	3 Marks

Problem Statement:

Problem statement to understand your customer's point of view.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A teacher or educator.	Assess students' conceptual understanding through spoken explanations.	Traditional assessments mainly test memorization and require manual evaluation	There is no efficient AI-powered system to analyze voice responses and provide objective evaluation.	Frustrated by the time-consuming process and uncertain about students' actual understanding.
PS-2	A college student preparing for interviews, presentations, or viva examinations.	Practice explaining concepts verbally and receive constructive feedback.	I don't know whether my explanation is clear, accurate, or confident.	I lack an intelligent platform that evaluates my spoken responses and highlights areas for improvement	Unsure of my communication skills and less confident during assessments.
PS-3	An educational institution or training organization.	Conduct scalable and consistent concept-based	Manual evaluation takes significant time and may vary	Existing assessment methods do not provide	Concerned about maintaining fair, efficient, and consistent

		assessments for many students	between evaluators.	automated analysis of conceptual understanding from speech.	evaluation standards.
